

Diversity and Innovation Interactive Workshop: Day 2

Let's review the progress we have made so far: the 4 New Ideas and their corresponding Actions Steps.

Interactive #3: Uncovering the Mega-Storehouse of Skills and Resources to accomplish Bold Action Steps.

Leveraging Your Resources: "What is the white elephant, or the hidden treasure in our community/facility?"

Goal: Uncover Assets to support Bold Action Steps.

Your task today is to uncover the White Elephant and reveal 36 skills, resources and assets that can support the Bold Action Steps to make the New Ideas a Reality!

Resource Mega-Team:

Each New Idea has 3 Table Teams creating one Resource Mega-Team.

1. **Self-select** the New Idea that most interests you. It is recommended no more than 9 persons per table.
2. Select a **Documenter**.
3. Each table will brainstorm the **skills, resources, and assets** that can support all 3 Bold Action Steps within the New Idea.
4. Every Table will **select ONE** skill, resource, or asset per Bold Action Step.
5. Write the skill, resource or asset on a 8.5 x 11 sheet of paper and tape to the corresponding Bold Action Step Poster on the wall.

You have 30 minutes to complete this interactive.

Let's review the collective results, share highlights and wrap up successes.
